PROFESSIONAL SUMMARY

Full Stack Developer skilled in building scalable web applications with Next.js, React, TypeScript, Node.js, and modern database technologies. Experienced in developing SaaS products, e-commerce platforms, and interactive frontend systems with a focus on performance, clean UI, and maintainable architecture. Strong understanding of full-stack development, API design, authentication systems, and modern deployment workflows.

EDUCATION

Diploma in Computer Science

2022 – 2030

Podar International School

GPA: 3.8

CAREER OBJECTIVE

Career Objective

To leverage my full-stack development skills in building high-performance web applications and scalable SaaS products while contributing to innovative teams focused on product quality, user experience, and rapid execution. Passionate about transforming ideas into production-ready solutions using modern technologies and clean engineering practices.

PROFESSIONAL EXPERIENCE

Software Engineer • T9GDC

Jan 2023

- Engineered and delivered scalable full-stack applications at T9GDC using modern technologies including Next.js, TypeScript, Node.js, and PostgreSQL, improving application performance, user experience, and development efficiency in a fast-paced production environment.

Founder • Careerflow-AI

Jan 2026

- Created the development of Careerflow-ai aAI-powered career optimization platforms at CareerFlow AI using Next.js, React, TypeScript, and Node.js, focusing on scalable architecture, responsive UI development, and performance optimization.

Project Manager • Macedge

Jan 2023

- Developed and maintained scalable web applications at MacEdge using Next.js, React, TypeScript, and Node.js, focusing on responsive UI development, application performance, and modern frontend architecture.

Junior Project Manager • The Perfumes Story

Aug 2026

- Contributed to the development of scalable e-commerce applications for The Perfume Story using Wordpress & Shopify focusing on responsive UI development, frontend optimization, and user experience improvements.

SKILLS

Frontend Languages: React, React Native, CSS, HTML, Next.js, Vue.js, Figma, Tailwind CSS, Python

Backend: Node.js, Springboot, Java, PHP, Ruby, Python

DevOPS & Hosting: Vercel, GCP, AWS, Supabase, Firebase, Docker, Prisma, Git, Github, MongoDB,

PROJECTS

Perplexity Remake

Bun, Typescript

Portfolio Website

HTML, CSS, JAVASCRIPT

CERTIFICATIONS

AWS CLOUD PRACTITIONER AWS SKILLBUILDER	Feb 2025
Certified MS-Excel Softpro DMTI	Apr 2026
Computer Systems Udemy	Apr 2026
MERN Certification Udemy	Apr 2026

AWARDS & HONORS

Product Development Focus Outstanding Full Stack Development Contribution — Recognized for delivering scalable web applications, modern UI/UX implementations, and high-performance digital solutions across multiple production projects.	2022
Innovation & Product Excellence Award Awarded for contributing to the development of modern SaaS and AI-driven platforms through efficient full-stack engineering and rapid product execution.	2022
Technical Excellence Recognition Acknowledged for strong problem-solving skills, frontend optimization, and scalable application development using modern JavaScript frameworks and backend technologies.	2023
Employee Recognition for Engineering Contribution Recognized for building responsive, production-ready web applications and consistently delivering high-quality features in fast-paced development environments.	2023
